Bike Racks and Scooter Rules and Safety

Corner 15th and K St. by
"The Cathedral" East Lobby

Corner L St. and 14th St.
Performing Arts Theater
(PAC)

West Plaza K St. between
PAC and Convention Center

Electric bikes (scooters) rules:

- \$207 fine for riding electric bikes, scooters on the sidewalk.
- Lock scooters and bikes to bike racks.
- Lock the vehicle to itself in identified drop zones.
- Don't lock shared-rideables to benches, sign poles, fire hydrants or anything that is not a bike rack.

Pedestrians first

- It is illegal in California to use a motorized scooter on a sidewalk. (Cal. Vehicle Code, § 21235.)
- City Code allows bicycle riding on sidewalks (City Code, § 10.76.010.) but bicyclists must yield to pedestrians and slow down, stop or dismount as needed. Bicyclists must give an audible warning if passing a pedestrian.

Illegally parked shared scooters or bikes can be reported to Parking Enforcement through **311**:

1. Location (address or intersection)
2. Identification number and operator (all shared bikes and scooters must have a unique identification number)
3. Description of the issue such as blocked sidewalk or curb ramp
4. Parking Enforcement can cite the operator \$15 for each instance, 311 can contact the vendor to have the device moved.

More information and drop zone locations available at:
